‘ This training is delivered under Victorian and Commonwealth Government funding. We encourage people with disabilities to access government subsidised training’

WHY CHOOSE AGED CARE OR EARLY CHILDHOOD AS A CAREER?

Both Certificate III qualifications are entry level to work in the sector. Early Childhood in particular now requires all staff to hold this qualification as a minimum. Both industries are currently in high demand and are looking for further qualified staff to accommodate to Australia’s Ageing and growing population. Currently both are skills shortage areas and offer great career pathways.

Each industry comes with a set of unique challenges and offers a rewarding experiences where you have the opportunity to impact someone else’s life.

EXPRESSION OF INTEREST – TEACHER AIDE COURSES

We are very proud to announce that our popular **Teacher Aide** courses are delivering very good job outcomes for students. Our close working partnership with schools has enabled us to tailor courses to the specific needs of schools in this area. Three prominent education recruitment agencies are providing employment opportunities for our graduates. This is great news and is testimony to the quality of our courses which will multi-skill you in three different areas of employment in schools as a teacher aide – working directly with students supporting their learning, office administration and sickbay duties. We are confident that our courses will give you an edge over applicants for teacher aide positions. Furthermore we will provide you with guidance, following completion of your qualification, to maximise your chances of employment – firstly with the three education recruitment agencies with whom we are already working and in general.
